Mariano & Gelmo made necessary repairs to the merry go round, much to the children's delight. Also came up with the idea to redo some old desks, cut off the desk part and sanded and painted up chairs for the library. Looks awesome, Great job done by Gelmo, Isai and Everisto

Our Dedicated School Staff

November 2025 Trip

A difficult journey but was so well received and welcomed by so many friends and families. Shared in Graduation celebrations of Kindergarten and Grade 6 .

Did a lot of looking and planning on what had to be done before school started and visited a few families.

Were able to attend a few feeding centres, and able to organize a roof project for one of the centres that happened after we left. Short time but oh so meaningful.

Our time ended with Shynese and Aaden getting engaged. How very exciting and a wedding to look forward to in August.

Appreciate your continued prayers for our family.

Thanks for your support

Happy Easter!

Thankyou to all our supporters who so graciously give to support this mission whether it is the time you give working or praying, or funds sent to use in Honduras. We are so thankful for each and everyone of you. In December we were able to bless 100 families with food hampers, and we are planning another food distribution in a mountain village very soon. Thankful our work continues helping those most in need. Praise God for your faithfulness to
